RE: Docket No. DE 23-043, Public Service Company of New Hampshire
d/b/a Eversource Energy 2023 Energy Service Solicitation
Eversource Request for Correction or Clarification

Dear Chairman Goldner:

Pursuant to N.H. Code of Administrative Rules Puc 203.07 and RSA 541:3, Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) hereby requests correction or clarification of a statement included in the Commission’s Order No. 26,994 (April 12, 2024). The following sentences appear on page 3 of that order (emphasis added):

Eversource would conduct its requirements-contract bidding solicitation, through Eversource's May 2024 Request For Proposals (RFP) process, **for all eight tranches** of its Small Customer Group energy service load (12.5 percent each). When the RFP bidding results come in, Eversource would **select the seven lowest bids** as the winning bids for the 87.5 percent of Small Customer group load to be served by requirements contracts.

In fact, Eversource will include only seven of the eight tranches in its Request for Proposals seeking third party supplier bids to serve its Small Customer group load, while the eighth tranche will not be bid and will be subject to self-supply through direct participation in the ISO New England wholesale power markets, as approved by the Commission.

Accordingly, Eversource respectfully requests that the Commission correct or clarify Order No. 26,994 to reflect that factual detail regarding the planned competitive solicitation for wholesale supply to meet its default service obligations.

Consistent with current Commission policy, this filing is being made electronically only and paper copies will not follow. If you should have any questions, please contact me.

Sincerely,

/s/ David K. Wiesner
