RE: Docket No. DE 23-043, Public Service Company of New Hampshire  
d/b/a Eversource Energy 2023 Energy Service Solicitation  
Proposal for Limited Direct Wholesale Market Participation

Dear Chairman Goldner:

Pursuant to Order No. 26,920 (December 21, 2023) issued in the above-referenced docket, Public Service Company of New Hampshire d/b/a Eversource Energy (the “Company”) was directed to file with the Commission, no later than February 5, 2024, “a proposal for an ISO-New England market-based procurement approach for 10 to 20 percent of the load, through whatever combination of direct Day-Ahead and Real-Time ISO-New England market acquisitions the Company finds advisable, for the Company’s upcoming August 2024-January 2025 energy service period for its Small Customer Group, to be assessed by the Commission in a future phase of this proceeding.”

The Company hereby submits its proposal for limited direct ISO New England wholesale market participation for one tranche of its Small Customer Group load for the six-month energy service rate period beginning on August 1, 2024, as set forth in the pre-filed joint testimony of Parker Littlehale and Yi-An Chen and related attachment.

The Company respectfully requests that the Commission review and approve this proposal, through a further adjudicative phase of the proceeding, in a timely manner and with a decision issued not later than April 15, 2024, in order to afford the Company sufficient time to prepare to implement the limited direct market participation in conjunction with the competitive solicitation of third-party wholesale supply for the remaining tranches of its customer load.

Consistent with current Commission policy, this filing is being made electronically only and paper copies will not follow. If you should have any questions, please contact me.

Sincerely,

*/s/ David K. Wiesner*
