RE: In Re Seabrook Station Decommissioning Trust Fund Accounts

Dear Harry:

For the reasons set forth more fully below, FPLE Seabrook, in its capacity as managing agent of the Seabrook Station, hereby requests that the Committee authorize FPLE Seabrook to direct Mellon Trust to transfer funds out of the Decommissioning Trust Fund and into the Funding Assurance Escrow accounts.

As FPLE Seabrook previously reported, while both the Trust Fund and Escrow Accounts were with Citizens Bank, contributions for October, 2005 that should have been deposited in the Funding Assurance Escrow accounts were inadvertently deposited into the Decommissioning Trust Fund. More specifically, as set forth in Attachment A, FPLE Seabrook's October contribution of \$659,227.56 and MMWEC's contribution of \$140,284.67 were incorrectly deposited into each owner's respective Trust Fund, instead of the Funding Assurance Escrow accounts as directed by the Committee in the Final Report and Order in NDFC Docket No. 2004-1. FPLE Seabrook has provided to the Nuclear Regulatory Commission notice of these administrative errors, and its plans to request authorization to correct the errors by transferring the amounts to the proper accounts.

As previously authorized by the Committee, both the Trust Fund and Escrow Accounts have been, or will be, transferred to Mellon Trust. Accordingly, FPLE Seabrook requests that the Committee issue an Order, consistent with Attachment B hereto, authorizing FPLE Seabrook to direct Mellon to transfer the amounts reflected above from the Trust Fund to the proper Funding Assurance Escrow accounts. Once FPLE Seabrook receives the executed authorization, FPLE

Seabrook will forward the authorization, and officer's certificate contemplated by the Master Trust Agreement, to Mellon with appropriate deposit instructions.

Thank you for your consideration in this regard.

Very truly yours,
