Re: City of Berlin/Clean Power Development, LLC

- 1. Road Connection Easement**
- 2. Power Line Clearance**
- 3. Electric Service**

Dear Attorney Allwarden:

This is a follow to my letter of October 12, 2010 to PSNH regarding the above matters.

Regarding the short Road Connection Easement between Shelby Street and Hutchins Street (Item 1), what is your schedule to respond to that request?

I appreciate your letter of October 21, 2010 regarding the PSNH procedure to complete the extension of primary electric service to Clean Power's facility (Item 3). Clean Power is dealing with PSNH's Construction Service Support Center to finalize that service.

Regarding the Clearance issue for Clean Power traffic under the existing PSNH easement to the Sewage Treatment Plant (Item 2), is there another PSNH office to deal with on this inquiry or will you address that matter? If there is another contact, please advise now so Clean Power can start that process.

I await your response on the connector road easement from Shelby Street to Hutchins Street and the Power Line Clearance request.

Very Truly Yours,
