Subject: Full disclosure as intervenor

I submitted a formal Petition to Intervene last month in the complaint brought by Clean Power Development against PSNH, DE-09-067, withdrawing my Petition to Intervene as *state representative* and filing anew as *citizen*. In my petition, I indicated my spouse works part time, one day a week for the complainant. Please note that as of last week, she is employed full time. And please note that her employment, whether part or full time, has nothing to do with my interest in intervening, as noted in my petition.

Please acknowledge receipt of this disclosure. Thank you.
