RE: Docket No. DE 09-137  
UNITIL ENERGY SYSTEMS, INC.  
Petition for Approval of Investment in and Recovery of Distributed Energy Resources – Crutchfield,  
Place, Stratham and Exeter SAU 16

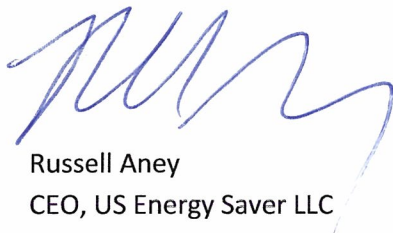

Dear Ms. Howland:

Please find enclosed an original and six copies of US Energy Saver LLC's Petition for Intervention in Docket DE 09-137. This cover letter and the Petition are also being filed electronically. Copies are being sent electronically to the Service List.

US Energy Saver LLC recognizes that it is extraordinarily late to petition for intervention at this time in the docket's proceedings. US Energy Saver LLC recently became aware of the important precedent that this docket will set regarding the future development of both energy efficiency and renewable generation projects in New Hampshire. There are no parties intervening in this docket representing the businesses that develop such projects in New Hampshire, except for a party that has a vested interest in the development of one of the projects that Unitil is proposing.

On behalf of US Energy Saver LLC and other developers of projects across New Hampshire that will be affected by this docket's outcome, I ask you to give serious and timely consideration to this late filing of an intervention petition.

Sincerely,

Russell Aney  
CEO, US Energy Saver LLC
