Re: Docket DE 09-277 - Public Service Company of New Hampshire – Petition  
For License to Construct and Maintain Electric Lines, Static Wire and Fiber Optic  
Cable Over and Across the Public Waters of Oyster River in the Town of  
Barrington, Dube Brook and Oyster River in the Town of Lee, and Bean River,  
North River and Little River in the Town of Nottingham, New Hampshire

Dear Ms. Howland:

PSNH's Petition in the above docket was filed on December 23, 2009. In connection therewith, and after further engineering review, it has been determined that Plan and Profile Drawings Exhibits 4 and 6 as filed with the Petition did not depict the full extent of these crossings at the 100 year flood level used for the crossing design. Accordingly, I enclose the original and 7 copies each of Revised Exhibits 4 and 6 for filing, and respectfully request that these two revised exhibits be substituted in place of Exhibits 4 and 6 originally filed with the Petition. We apologize for any inconvenience this may cause.

Should there be any technical questions concerning this filing, they may be directed to PSNH Assistant Engineer Joseph Sperry, at 634-2562. Thank you.

Very truly yours,

Christopher J. Allwarden  
Senior Counsel, Legal Department
