

THE STATE OF NEW HAMPSHIRE  
PUBLIC UTILITIES COMMISSION

DG 10-048

**ORDER OF NOTICE**

On March 15, 2010, New Hampshire Gas Corporation (NHGC) filed with the New Hampshire Public Utilities Commission (Commission) revisions to its tariff providing for its Cost of Gas (COG) rates for the period May 1, 2010 through October 31, 2010 (2010 Summer Season). Included in the filing were revised tariff pages and supporting materials for the changed rates. The petition and subsequent docket filings, other than information for which confidential treatment is requested of or granted by the Commission, will be posted to the Commission website at <http://www.puc.nh.gov/Regulatory/Docket/2010/10-048.htm>.

The proposed COG rate is \$1.6796 per therm, a \$0.4800 per therm increase from the weighted residential COG rate of \$1.1996 per therm for last summer. The estimated impact of the proposed COG rate and increase in delivery rate and rate case expense surcharge on a typical residential heating customer's summer gas costs will be an increase of \$211, or 31% compared to last summer.

The filing raises, inter alia, issues related to: RSA 378 and the justness and reasonableness of rates, fares, and charges; the reasonableness of sales forecasts, supplier prices, and transportation prices; reconciliation of prior period costs and revenues; the causes and treatment of a prior period over recovery; and rate impacts resulting from the proposed rate changes. Each party has the right to have an attorney represent them at their own expense.
