Re: Re-Allocation of the System Benefits Charge

To the Parties:

In accordance with the Legislature's passage of Senate Bill 300 in 2010, by secretarial letter dated January 15, 2010, the electric utilities were directed to change the allocation of the 3.3 mills per kWh system benefits charge such that 1.8 mills per kWh would be allocated to the EAP and 1.5 mills per kWh would be allocated to energy efficiency programs.

Inasmuch as the temporary increase to the low-income portion of the system benefits charge terminates June 30, 2011, the electric utilities are directed to change the allocation of the 3.3 mills per kWh system benefits charge such that 1.5 mills per kWh is allocated to the EAP and 1.8 mills per kWh is allocated to the energy efficiency programs effective with service rendered on or after July 1, 2011.

Sincerely,
