Re: **Merrimack County Telephone Company – Docket No. DT-11-013**  
Revision of Initial Cover Letter for Confidential Work Papers Supporting Dedicated  
Ethernet Service Filing

Dear Ms Howland:

On January 14, 2011, Merrimack County Telephone Company filed Work Papers supporting its Dedicated Ethernet Service Tariff with the New Hampshire Public Utilities Commission. This filing revises the confidential verbiage on the initial cover letter. The reference to RSA 378:43 is not appropriate in this instance and it should have read PUC Rule 201:4 (5).

Merrimack County Telephone Company is now hereby correcting the verbiage of the initial cover letter with this revised cover letter.

Merrimack County Telephone Company represents that the materials marked "Confidential" pertain to the provision of competitive services; sets forth trade secrets or other confidential information falling within the scope of RSA 91-A:5 and PUC Rule 201:4 (5); and are not general public knowledge or published elsewhere. Merrimack County Telephone Company has taken measures to prevent dissemination of the information in the ordinary course of business.

Sincerely,

A handwritten signature in black ink that reads "Rachelle A. Ladwig".
