Re: City of Nashua Acquisition of Pennichuck Corporation

DOCKET NO. DW 11-026

**Intervenor Fred S. Teeboom Objection to Confidential Treatment**

NOW COMES Intervenor Fred S. Teeboom, and provides notice that he **objects** to Pennichuck Corporation's Motion for Protective Treatment of Confidential Information Responsive to Data Requests OCA 1-28 and OCA 2-4:

1. Concurrent with completing the acquisition, all discovery material in this case, without exception, needs to become public, when the public will own the company following adoption by the PUC of the Settlement Agreement.
2. The Settlement Agreement shows \$2.22 million in Severance Costs, and the public who pays these costs is entitled to know to whom this money is paid, regardless of who receives such payment.
3. Likewise the public is entitled to know who makes windfall gain in stock options from this sale, to be paid by the public.
4. The claim has been repeatedly made that following the acquisition, water rates under Nashua ownership will be lower than under current ownership. This often repeated argument in support of the Settlement Agreement----**subject to close scrutiny**--- can only be made in comparing "forward looking" projections under either ownership. The public is entitled to examine this comparison, particularly as a basis for future rate increases.

Respectfully submitted,

  
Fred S. Teeboom  
Intervenor
