**Request:**

Reference page 3, lines 12 through 15 of your testimony.

- a. Did you prepare the "assumptions" on natural gas prices that were included as part of the economic analysis of the impact of the scrubber project on rates, filed with the Commission in DE 08-103 or with the Legislature in connection with SB 152? How about the assumptions included in as provided in the response to data request Staff 2-2?
- b. If you did not prepare those assumptions, who did?
- c. If you were involved in the development of the above-referenced "assumptions", please describe (each of you) your level of involvement in the analyses that were done.

**Response:**

A) Mr. Large prepared the assumptions on natural gas prices included in the report presented by PSNH to the Commission in docket DE-08-103 and in connection with SB-152. Those assumptions are the same as defined in the documents contained in response to Staff 2-2.

B) See A) above.

C) Mr Large and Mr Vancho worked collaboratively in preparing the assumptions and analyses, with Mr Large having primary responsibility for developing and obtaining cost and operational information, and Mr Vancho having primary responsibility for developing and operating the financial analysis models.
