**SUBJECT:** Staff Recommendation  
DM 11-288 Risk Services Group, Inc.  
Natural Gas Aggregator Registration Application

**TO:** Debra Howland  
Executive Director

Staff has completed its review of the natural gas aggregator renewal registration application for Risk Services Group, Inc., filed on December 27, 2011. There was one item (number 6) in the application that needed further clarification from the applicant. This clarification was provided in a letter dated January 6, 2012. The registration application is now complete and in compliance with the requirements of Puc 3003.04.

Staff recommends approval of the renewal application for Risk Services Group, Inc. to continue as a natural gas aggregator in New Hampshire. The effective date should coincide with the expiration date of the existing registration, April 9, 2012. This is a renewal natural gas aggregator registration and as such carries a term of five years from the approval date.

Should you have any questions regarding this registration application, please do not hesitate to Alexander Speidel of the Legal Division or Robert Wyatt of the Gas/Water Division.
