Since at this time I believe we have reached substantive agreement on the terms for the Vermont agreement currently being negotiated, we propose to use that agreement as a starting point for negotiating the New Hampshire Agreement; provided however, neither Party shall be considered to waive any rights it may have in negotiating or arbitrating terms of the Agreement in the state of New Hampshire.

For the purposes of Section 252 of the Act, Comcast will consider the start date for negotiations to be April 25, 2008 unless the Parties agree to use an alternate start date.

RE: Revised Date Upon Which Hollis Telephone Company, Inc., Kearsage Telephone Company, Merrimack County Telephone Company and Wilton Telephone Company, Inc. ("TDS") Received the Request to Negotiate an Interconnection Agreement with Comcast Phone of New Hampshire, LLC ("Comcast")

Dear Ms. Lowrance;

This letter is to confirm our agreement as to the window for negotiating an interconnection agreement between TDS and Comcast for the state of New Hampshire pursuant to Section 251 and 252 of the Communications Act of 1934 ("Act").

Specifically, TDS and Comcast agree to establish the start date of negotiations as July 5, 2008. As a result, the period during which either party may file for arbitration under section 252(b)(1) of the Act shall begin on November 17, 2008 and end on December 12, 2008. Those dates are the 135th and 160th days of negotiations, respectively.

It is anticipated that the additional time will allow TDS and Comcast to resolve the outstanding issues through further negotiations.

If the foregoing is acceptable to TDS, please sign in the space below and return by either fax to my attention at 215-286-5039 or send via e-mail.

Should you have any questions, please feel free to call at the number provided above.

Sincerely,

Robert Munoz
