RE: Docket DT 12-260: 365 Wireless, LLC, CLEC Certification

Dear Mr. Cash:

The Commission has received the application for CLEC certification filed by 365 Wireless, LLC (365 Wireless) on August 23, 2012.

Commission Staff has reviewed the application and visited the 365 Wireless web site. Your services appear to be delivered through a wireless network, as indicated by both the company name and the description of your offerings at the "What is 365 Wireless?" page.

In order to proceed with your application, we need clarification on the network architecture you will be employing in New Hampshire. Under both federal and state law, the New Hampshire PUC has no authority over wireless services, and we do not register wireless carriers as CLECs.

Please provide us with a high-level description of your planned network architecture so that we may proceed with consideration of the application.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael C. Ladam".

Michael C. Ladam
Assistant Director of Telecommunications
