RE: Mine Falls Hydroelectric Project ownership - FERC Project #3442

Dear Ms. Howland:

This letter serves to inform the Public Utilities Commission of a transfer of ownership of Mine Falls Hydroelectric Project, FERC #3442. On April 13, 2017 the City of Nashua became the sole owner and operator of the Mine Falls Hydroelectric project located at 19 Stadium Drive, in Nashua, NH along the Nashua River.

The project was originally constructed in 1985 as a co-licensed project between the City of Nashua and Seward Construction Company. As of April 13, 2017 the City is now the sole licensee of the project as well.

Thank you,

Sarah Marchant
Community Development Division Director
City of Nashua
