Re: IR 13-020, Public Service Company of New Hampshire
Investigation into Market Conditions, Default Service Rate, Generation Ownership and
Impacts on the Competitive Electricity Market

Dear Ms. Howland:

CLF is providing the following documents for consideration in connection with the
Commission Staff's "Report on Investigation into Market Conditions, Default Service Rate,
Generation Ownership and Impacts on the Competitive Electricity Market":

- 1) "Dark Days Ahead: Financial Factors Cloud Future Profitability at Dominion's
Brayton Point"
- 2) "Economic Analysis of Schiller Station Coal Units"

These materials are self-explanatory and reaffirm the fundamental conclusions of the Staff's
Report. CLF appreciates the opportunity to provide these materials and looks forward to
participation in the Commission's final decisions on this matter.

Sincerely,

N. Jonathan Peress
