PUBLIC UTILITIES COMMISSION

NORTHERN NEW ENGLAND TELEPHONE OPERATIONS LLC d/b/a FAIRPOINT COMMUNICATIONS - NNE  
Petition to Construct and Maintain Temporary Telecommunications Cables across a New Hampshire Railroad  
Summary of Supplemental Order Nisi Granting License  
**NOTICE OF ORDER NO. 25,521**  
June 10, 2013

### SUMMARY OF ORDER

On March 4, 2013, Northern New England Telephone Operations LLC d/b/a FairPoint Communications - NNE (FairPoint) filed a petition pursuant to RSA 371:17 requesting a license to temporarily construct and maintain an aerial plant crossing a state-owned railroad in the town of Somersworth New Hampshire. According to the petition, the proposed crossing will be placed between two existing utility poles in the existing public right-of-way. On May 10, 2013, the Commission issued Order Nisi No. 25,508 approving FairPoint's request and setting dates for notice and publication of the Order Nisi. On June 5, 2013, FairPoint filed an expedited motion to extend the notice and publication dates and schedule, stating that due to a clerical error, it had failed to meet any of the notice and publication requirements. FairPoint also requested that the Commission waive Puc 203.07(c) and grant the motion on an expedited basis before the 10-day period for other parties to respond had expired.

The petition and subsequent docket filings, other than any information for which confidential treatment is requested or granted by the Commission, are posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2013/13-068.html>.

Staff reviewed FairPoint's petition and subsequently filed a memorandum stating that the proposed construction and designs conform to applicable sections of the National Electrical Safety Code (NESC). Staff recommended approval of FairPoint's petition, subject to certain conditions related to ensuring the safe operation and maintenance of the proposed crossing.

Based on the information presented in FairPoint's petition and Staff's memorandum, the Commission finds the proposed crossing necessary for FairPoint to meet the reasonable requirements of reliable service to the public and that the requested license may be exercised without substantially affecting the public rights in the affected area, as required for approval under RSA 371:20. The petition is therefore approved on a *nisi* basis. FairPoint's motion to extend the notice and publication dates and schedule is granted and, in that no party intervened regarding FairPoint's petition, FairPoint's request for a waiver of Puc 203.07(e) is also granted.

FairPoint is authorized by Order Nisi to construct, maintain and operate aerial plant and other lines over and across the state-owned railroad described in its petition and depicted in its filings. All persons interested in responding to the Order Nisi may submit their comments or file a written request for a hearing which states the reason and basis for a hearing no later than June 20, 2013 for the Commission's consideration; and any party interested in responding to such comments or request for hearing shall do so no later than June 24, 2013. The Order Nisi shall be effective June 26, 2013, unless the Commission orders otherwise.

NORTHERN NEW ENGLAND TELEPHONE OPERATIONS D/B/A FAIRPOINT COMMUNICATIONS - NNE  
Petition for Authorization to Construct and Maintain Aerial Cables Over and Across Public Waters in Somersworth  
Summary of Supplemental Order Nisi Granting License  
**NOTICE OF ORDER NO. 25,520**  
June 10, 2013

### SUMMARY OF ORDER

On February 15, 2013, Northern New England Telephone Operations, LLC (FairPoint) filed a petition pursuant to RSA 371:17 requesting a license to temporarily construct and maintain aerial cables over and across Salmon Falls River, a public waterway, between Somersworth, New Hampshire and Berwick, Maine. According to the petition the proposed crossing will be placed between existing utility poles in existing public rights-of-way. On May 10, 2013, the Commission issued Order Nisi No. 25,507 approving FairPoint's request and setting dates for notice and publication with respect to the Order Nisi. On June 5, 2013, FairPoint filed an expedited motion to extend the notice and publication dates and schedule, stating that due to a clerical error, it had failed to meet any of the notice and publication requirements. FairPoint also requested that the Commission waive Puc 203.07(e) and grant the motion on an expedited basis before the 10-day period for other parties to respond had expired.

The petition and subsequent docket filings, other than any information for which confidential treatment is requested or granted by the Commission, are posted to the Commission's website at <http://www.puc.nh.gov/Regulatory/Docketbk/2013/13-052.html>.

Staff reviewed FairPoint's petition and subsequently filed a memorandum stating that the proposed construction and designs conform to applicable sections of the National Electrical Safety Code (NESC). Staff recommended approval of FairPoint's petition, subject to certain conditions related to ensuring the safe operation and maintenance of the proposed crossings.

Based on the information presented in FairPoint's petition and Staff's memorandum, the Commission finds the proposed crossings necessary for FairPoint to meet the reasonable requirements of reliable service to the public and that the requested license may be exercised without substantially affecting the public rights in the affected public waters, as required for approval under RSA 371:20. The petition is therefore approved on a *nisi* basis. FairPoint's motion to extend the notice and publication dates and schedule is granted and, in that no party intervened regarding FairPoint's petition, FairPoint's request for a waiver of Puc 203.07(e) is also granted.

FairPoint is authorized by Order Nisi to temporarily construct and maintain aerial cables and other lines over and across the public waters described in its petition and depicted in its filings. All persons interested in responding to the Order Nisi may submit their comments or file a written request for a hearing which states the reason and basis for a hearing no later than June 20, 2013 for the Commission's consideration; and any party interested in responding to such comments or request for hearing shall do so no later than June 24, 2013. The Order Nisi shall be effective June 26, 2013, unless the Commission orders otherwise.

**After printing this label:**

1. Use the 'Print' button on this page to print your label to your laser or inkjet printer.
2. Fold the printed page along the horizontal line.
3. Place label in shipping pouch and affix it to your shipment so that the barcode portion of the label can be read and scanned.

**Warning:** Use only the printed original label for shipping. Using a photocopy of this label for shipping purposes is fraudulent and could result in additional billing charges, along with the cancellation of your FedEx account number. Use of this system constitutes your agreement to the service conditions in the current FedEx Service Guide, available on [fedex.com](http://fedex.com). FedEx will not be responsible for any claim in excess of \$100 per package, whether the result of loss, damage, delay, non-delivery, misdelivery, or misinformation, unless you declare a higher value, pay an additional charge, document your actual loss and file a timely claim. Limitations found in the current FedEx Service Guide apply. Your right to recover from FedEx for any loss, including intrinsic value of the package, loss of sales, income interest, profit, attorney's fees, costs, and other forms of damage whether direct, incidental, consequential, or special is limited to the greater of \$100 or the authorized declared value. Recovery cannot exceed actual documented loss. Maximum for items of extraordinary value is \$1,000, e.g. jewelry, precious metals, negotiable instruments and other items listed in our ServiceGuide. Written claims must be filed within strict time limits, see current FedEx Service Guide.
