**Subject:** FW: Gas Aggregator registration - renewal application

Doug,

Here is the email request for additional information that I had previously sent to you. This is minor issue that I expect should be easy for you to correct. Feel free to contact me directly (see contact information below) if you have any questions.

Thank you,  
Bob Wyatt

**Subject:** Gas Aggregator registration - renewal application

Hello Doug,

In the cover letter of your application you state that Pope Energy is a division of Pope Industries, Inc., and that Pope Energy is the name that you prefer to be identified as the operating entity. The secretary of state certificate that you attached does not identify Pope Energy as a registered trade name for Pope Industries, Inc. The certificate you attached to the 2011 registration application correctly associated Pope Energy with Pope Industries, Inc. As you provided in the 2011 application, I will need you to provide the certificate of registered trade name for Pope Industries, Inc. doing business under the trade name Pope Energy. If you are able to submit this information to the Commission in a timely manner, say by March 15, 2013, I will proceed with the review of the application without sending you a letter of deficiency. This supplemental information, plus any other related correspondence that you file with the commission should reference the gas aggregator registration docket number DM 13-069. You may contact me directly if you have and questions.

Sincerely,  
Bob Wyatt
