SUBJECT: DM 13-142 EnergyRebate Inc. Registration Renewal as a Natural Gas Aggregator

TO: Commission
Debra Howland, Executive Director

On May 10, 2013, EnergyRebate Inc. (EnergyRebate) filed an application to renew its registration as a natural gas aggregator. EnergyRebate's currently effective registration expires on June 24, 2013.

Staff has reviewed the information in the application and determined that the filing is complete. Staff, therefore, recommends approval of EnergyRebate's application to renew its registration as a natural gas aggregator, effective June 25, 2013, for a term of 5 years.

Staff noted that EnergyRebate filed its renewal application less than 60 days prior to the expiration of its currently effective registration. If the renewal registration in the instant docket is approved, it may be appropriate to remind EnergyRebate of the requirements of Puc 3003.05 (a):

*Each registered aggregator shall re-register with the commission after the initial 2 year period, or after the 5 year renewal period as applicable, by filing with the commission an application for renewal **at least 60 days prior to the expiration of the currently effective registration.** If an aggregator fails to meet its re-filing obligation, the original registration shall expire by its terms.*
