## Inter-Department Communication

**DATE:** July 25, 2013  
**AT (OFFICE):** NHPUC

**FROM:** *David SEM*  
David Goyette, Utility Analyst III

**SUBJECT:** DM 13-199 Resource Energy Systems, LLC  
Registration to Provide Electric Aggregation Service

**TO:** Commission  
Debra Howland, Executive Director

NHPUC 25JUL'13 PM 3:53

On July 18, 2013, Resource Energy Systems, LLC (Resource Energy) filed an application to register as an aggregator of electric service. In its filing, Resource Systems acknowledged that it did not file its renewal application on time and asked that the Commission accept its filing as a new application.

Resource Energy's registration as provider of electric aggregation service, for which it received approval under docket no. DM 10-305, expired on December 19, 2012. Based on the excessive time since the expiration date of its most recent registration, Staff recommends that the Commission consider Resource Energy's current filing as an initial application and not as a renewal.

Staff has reviewed the information in the application and determined that the filing is complete. Staff, therefore, recommends approval of Resource Energy's application for registration as an aggregator of electric service, effective on the date of the Commission's approval letter, for a term of 2 years.
