**RE: DG 13-251 EnergyNorth Natural Gas, Inc.
 2013-2014 Winter Period Cost of Gas – December 2013 Trigger**

Dear Ms. Howland:

On behalf of EnergyNorth Natural Gas, Inc. d/b/a Liberty Utilities (the “Company”) and in accordance with New Hampshire Public Utilities Commission Order No. 25,591, dated October 31, 2013, in Docket DG 13-251, I enclose an original and two copies of the Company’s current calculation of its projected over or under collection of gas costs for the 2013-2014 winter season ending April 30, 2014.

For November 2013, the calculation reflects the actual NYMEX settled price. For December 2013 through April 2014, the calculation reflects the 15-day average NYMEX closing prices as of November 19, 2013. The resulting projected under collection of \$527,994 is approximately 0.84% of the total anticipated gas costs for the 2013/14 winter season. Accordingly, the Company does **not** elect a rate change effective December 1, 2013, and therefore, has not attached any revised tariff pages.

The cost of gas rates are summarized in the following table.

	Cost of Gas Rates		
	<u>Current Rate</u>	<u>Revised Rate</u>	<u>Change</u>
Residential	\$0.8895	\$0.8895	\$0.0000
Commercial/Industrial High Winter Use	\$0.8908	\$0.8908	\$0.0000
Commercial/Industrial Low Winter Use	\$0.8807	\$0.8807	\$0.0000

The filing has also been submitted electronically to the Commission in accordance with Order Number 24,223 issued on October 24, 2003.

DG 13-251
