RE: Docket # DM 13-258 – Request to Withdraw Registration

Dear Ms. Howland,

Gulf Stream Energy Consultants, LLC hereby requests withdrawal of its registration under docket DM 13-258 as provider of electric aggregation service with the Public Utilities Commission of New Hampshire, effective as of June 30, 2014.

We have no retail customers, and we have not served any retail customers during the last 90 days.

Please note this decision is a result of the increased annual cost of \$2000 stated in your letter dated July 3, 2014 and received in our office July 10, 2014. We are a small start-up company and we operate as a broker helping commercial accounts choose an electric supplier. We are paid a commission by the supplier; we enter into no contracts with the actual electric customer. This added cost makes it unfeasible for us to conduct business in the state of New Hampshire.
