Re: DM 13-309, Consolidated Edison Solutions, Inc.
Competitive Electric Power Supplier Application
Deficiency Letter

Dear Mr. Fairbanks:

On October 29, 2013, Consolidated Edison Solutions, Inc. (ConEdison Solutions) submitted an application with the Commission to renew its registration as a competitive electric power supplier (CEPS). The application is incomplete and does not comply with the requirements of N.H. Code Admin. Rule Puc 2003. In particular, Commission Staff reviewed the filing and identified the following item which is missing from the application.

- 1) Copy of residential customer contract.

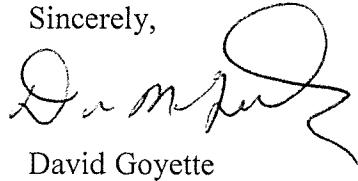

Puc 2006.01 Form for Initial and Renewal of Competitive Electric Power Suppliers.

(20) A copy of each contract to be used for residential and small commercial customers;

Regarding item #1, ConEdison Solutions' application, at item 12, states, "we may at times serve residential [customers]." Based on this statement the application is required to include a copy of each residential customer contract ConEdison Solutions intends to use.

In order to complete your application you should respond accordingly to the items listed above. When responding, address your letter to Debra Howland, Executive Director, and reference the docket number listed on the subject line of this letter.

Sincerely,

A handwritten signature in black ink, appearing to read 'D. Goyette', with a large, stylized loop at the end.

David Goyette
