**Re: New England Power Company d/b/a National Grid Petition for License to Cross the Connecticut River in the Town of Monroe**

Dear Ms. Howland:

I am writing on behalf of New England Power Company d/b/a National Grid ("NEP") with regard to NEP's plans to relocate a portion of its existing 34.5 kV 3315 transmission line from the Vermont side of the Connecticut River to the New Hampshire side. Pursuant to the Order *Nisi* dated September 24, 2015, please find enclosed copies of the following permits and agreements for the river crossing:

1. Permit from the United States Army Corps of Engineers dated October 15, 2015 conditionally authorizing the project under the New Hampshire State Programmatic General Permit (NH SPGP, Permit No. 52).
2. Shoreland Impact Permit, #2015-01775, from the New Hampshire Department of Environmental Services approved on August 4, 2015.
3. Permit from the New Hampshire Department of Environmental Services, #2015-01687, dated September 28, 2015 approving NEP's application to dredge and fill 162,566 square feet of palustrine forested, scrub-shrub, and emergent wetlands including intermittent and perennial stream crossings to relocate the National Grid 3315 34.5kV transmission line.
4. NOI filed with the EPA requesting authorization to discharge pursuant to the CGP dated October 7, 2015.

Ms. Debra A. Howland

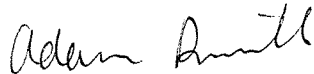

October 19, 2015

Page 2

5. A letter from the United States Environmental Protection Agency (EPA) acknowledging NEP's submission of a complete Notice of Intent (NOI) form to be covered under EPA's Construction General Permit (CGP).

Please contact me directly if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Adam Dumville".
