Subject: DM 15-241 Germ Patrol LLC, tradename GP Energy Solutions not registered w NH SOS

Jarett,

Your electric aggregator application for Germ Patrol LLC lists the trade name "GP Energy Solutions." In order to use that name you must provide evidence that it is registered with N.H. Secretary of State. Currently, the N.H. SOS site does not list that name. Please file evidence that the name is registered with the N.H. SOS, either by filing with the Commission 1) a copy of a certificate from the N.H. SOS indicating that the name is registered or 2) a printout of the name listed on the N.H. SOS website with the status showing it is in "Good Standing," or words of similar import.

As an alternative to using the trade name, you could, instead, file a revised version of your application without the trade name. If you resubmit the application, please indicate that the revised version replaces the initial filing filed on June 18, 2015.

File documents in paper format and electronically as follows.

Mail an original and two copies to:

Thank you.
