NOW COMES the Fryeburg Water Company (the “Company”) and provides notice of the Company’s application to refinance its existing loans in the State of Maine pursuant to RSA 369:8, II, as follows:

1. The Fryeburg Water Company serves approximately 737 customers in the Town of Fryeburg, Maine, at rates approved by the Maine Public Utilities Commission (the “Maine PUC”). The Company serves approximately 67 customers in East Conway, New Hampshire, adjacent to its Maine service territory.

2. The Company’s service pre-dates the establishment of the New Hampshire’s Public Service Commission in 1911 and this Commission has historically deferred to its counterpart in Maine.¹ *See Petition for Authorization to Serve Customers*

¹ *See Fryeburg Water Company*, 79 N.H. 123, 124 (1919) (“the issuing of stock is a corporate act which is regulated and controlled by the laws of the incorporating state, and which, relating to the internal conduct and management of the corporation, is exclusively subject to the local laws.”); *Fryeburg Water Company*, 99 N.H. 487, 488 (1955) (“[u]pon establishment of regulatory commissions in both this state and in Maine, the company filed tariffs in each state and established uniform rates which have remained the same in each state for different types of general consumers.”); *Fryeburg Water Company*, 62 NH PUC 168, Order No. 12,788 (1977) (“in preceding cases involving Fryeburg Water Company, the Commission has relied on and accepted the decision of the Maine Public Utilities Commission in matters regarding the customers served in New Hampshire”); *Fryeburg Water Company*, 67 NH PUC 591, Order No. 15,818 (1982) (“this Commission

3. On April 5, 2011, the Commission authorized the Company to serve its customers in East Conway as a foreign business pursuant to RSA 374:24 and approved procedures for notice and review of its requests for rate increases before the Maine PUC. *See Order No. 25,212.*

4. On August 20, 2015, the Company requested approval from the Maine PUC to refinance its existing loans in Maine. The Company proposes to refinance its existing Maine loans as follows:

The Company is refinancing its existing debts with TD Bank, N.A. with The Bank of Maine with one borrowing of no more than \$875,000.00 to be secured by all Maine property of Company exclusive of two out lots purchased in 2008 and financed separately with Maine Municipal Bond Bank. The refinancing does not result in any increase in the Company's existing long term debt. The refinanced debt was approved in Docket No. 2010-238. The original loan proceeds were used for utility purposes in connection with the Company's utility plant, property and equipment. The new estimated interest on the refinanced amount will be 2.65% for the first six months and 3.87% for the remainder of the loan with principal to have balloon payment in 5 years. No new rate increase is anticipated by the Company to service these refinance debts at this time.

5. RSA 369:8 permits refinancing by foreign businesses as follows:

6. The Company's refinancing in Maine does not involve the issuance of notes, securities or other instruments for its service in New Hampshire. However, because the Company's utility plant in Maine is connected to its plant in New Hampshire, the Company submits herewith a complete copy of its proposed refinancing in Maine pursuant to RSA 369:8, II (a).

The Company requests that the Commission authorize issuance of a secretarial letter finding that the proposed refinancing "will not adversely affect rates, terms, service, or operation[s]" in the State of New Hampshire as soon as possible.

WHEREFORE, the Fryeburg Water Company respectfully requests that the Commission:

- A. Accept this Notice of Foreign Business Financing Pursuant to RSA 369:8, II (a);

- C. Grant such other relief as justice may require.

Respectfully submitted,

FRYEBURG WATER COMPANY
