RE: annual report

Dear Ms Howland,

It is not possible for the annual report to be completed by March 31, 2016. I request an extension until May 31, 2016, at which time I will send 2014 and 2015. Thank you.

Since I last talked with Mark Naylor, I have sent a letter to all the customers covering my wish to sell. I enclosed a stamped, self addressed comment sheet. To date I have received 7 returns, 2 buy system, 5 do not buy. The numbers and general apathy allow me, with clear conscience, to sell to an out of state firm such as New England Service Co.

The letter did spark the interest of an investor, Art Foster, who lives on the water system. His concern is high water bills and the diminishing affect it will have on real estate values. We are currently talking and have made a two hour tour. He understands he would have to hire a licensed operator, but is prepared to tackle the administrative duties.

I do want to sell the system this year. Any help, names of buyers, suggestions would be greatly appreciated.

Regards

Stanley H Oliver
