Mechanisms and Tariffs for Customer-Generators

Energy Emporium, LLC's Petition to Intervene

Energy Emporium, LLC, a New Hampshire renewable energy contracting company with offices in Enfield, NH, submits this petition for intervention in the above referenced docket.

In support of this position, Energy Emporium states that:

- 1) Energy Emporium's mission is to provide alternative energy systems for individuals and small businesses seeking to reduce fossil fuel usage, through design, installation and maintenance of renewable energy systems.
- 2) Energy Emporium was founded in 2009 and is located in Enfield, NH. We have installed over 150 solar PV systems in NH for residents and small businesses. We employ 3 people full time and over 12 subcontractors on an annual basis. We have financial and personal goals
- 3) Energy Emporium has attended public sessions and testified in person and in writing for both HB 1116 and SB 333 net metering bills. We have knowledge and experience to provide a good understanding of the financial interests of homeowners and small business owners in the development of the new net metering tariffs.
- 4) Granting this petition request would be in the interest of justice. Energy Emporium will not impair the orderly conduct of these proceedings.

Therefore, Energy Emporium, LLC respectfully requests the Commission grant it full intervenor status in this proceeding.

Respectfully Submitted,  
Energy Emporium, LLC

Kimberley Quirk, owner
