Re: DE 16-576 Electric Distribution Utilities
Development of new alternate of net metering tariffs and or other regulatory
mechanisms and tariffs for consumer- generators

Dear Secretary Howland:

Petition to Intervene for Pentti J. Aalto

As a Eversorce customer my options and cost of service will change with this proceeding. In addition, I may be of some help to the process as I have over 40 years of experience with policy issues related to distributed generation. This experience includes design and participation in the Governor's Commission on Cogeneration in Massachusetts. In addition I took part in the early development of net metering in Massachusetts and New Hampshire.

Pentti J. Aalto
