DG 16-852

WHITE RIVER JUNCTION
Dear Director Deborah Howland,

As a resident of the Upper Valley, I
oppose the Lebanon/Hanover fracked
gas pipeline proposed by Liberty
Utilities. We have a commitment to
transition our community's electricity
to 100 percent renewable sources by
2030, and heat and transportation by
2050. We need a renewable energy
future, not more dangerous fossil fuels
that create health hazards. I strongly
urge you to reject Liberty's proposal
to expand this fracked gas pipeline!

Sincerely,

Margaret Nelson Schultz
