DG 16-852

Dear Ms. Howland,

I am very much
against giving liberty
Utilities a franchise
to move forward
with a gas pipeline.

I feel it will be
detrimental to the
environment & is
not essential to our
area.

Sincerely,

Suzette
Ragan

DG 16-852

Think about what is best for the
community you represent. Be courageous
and people will be courageous for you!

No Gas Pipeline in Lebanon /
Hanover. Fracking is deadly
for the environment! Natural
gas is NOT CLEAN ENERGY

Jane McCarthy
3 Sugar Maple Lane
Hanover, NH

DG 16-852

I don't want the pipeline
in Lebanon. Its too big a
risk to spills, we want
benefit from the gas. we don't
need more gas

I DON'T WANT A PIPELINE!

Sean Dow
South Royalton, VT

DG 16-852

DG 16-852

Please, NO fracked pipelines
in New Hampshire!

Lebanon OR Keene

Thank you
John M. O'Brien

P. U. C.

I am opposed to the
installation of a natural
gas pipeline through
West Leb, Lebanon and
Hanover.

David Thron
Hanover, NH

DG- 16-852

DG 16-852

NO pipeline EVER

Fracked gas is dirty to extract
dirty to transport. it can
leak + create dirty water
soil.

Sylvia Desautels
Tunbridge, VT

DG 16-852

I am opposed to the pipeline.

1. We need to convert to renewables
2. It will create problems all through the Upper Valley
3. Fracking is a bad idea.

Christina Haidari
Lebanon, NH

DG 16-852

I am opposed to a natural gas pipeline in the Upper Valley. Any investments we make from now on should be in renewable non-polluting energy - our climate, our planet, and our kids and grandkids will have to deal with this and I don't want to leave a mess for them.

Marie McLernick, Lebanon, NH

DG 16-852

WE DON'T WANT TO BUY NATURAL GAS, SO WE DON'T WANT A PIPELINE.

ALSO, NATURAL GAS IS NOT AN IMPROVEMENT OVER OTHER FOSSIL FUELS IN TERMS OF GREEN HOUSE IMPACT.

3% LOST IN DRILLING, PIPING, OR COMBUSTION MAKES IT WORSE THAN COAL.

THANK YOU.

Christina Panow

We Share a River!

PLEASE NO

Pipeline!

- Ashley Andrea

DG 16-852

Hartford, VT

DG 16-852

I FEEL THAT FRACK GAS AND
ANY PROCESS DEALING WITH
THE DISTRIBUTION AND USES,
A BACKWARD DIRECTION, WHEN
RENEWABLE'S CAN REPLACE
ALL OUR ENERGY NEED'S
NOW.

NORMAN EMONO
CHARLESTOWN, N. H.

DG 16-852

Stop the pipeline!

Bridget Cushman
Norwich, VT

NO PIPELINE PLEASE
THANK YOU,

Bryan Muenzer
& Sanger, NH

DG 16-852

DG 16-852

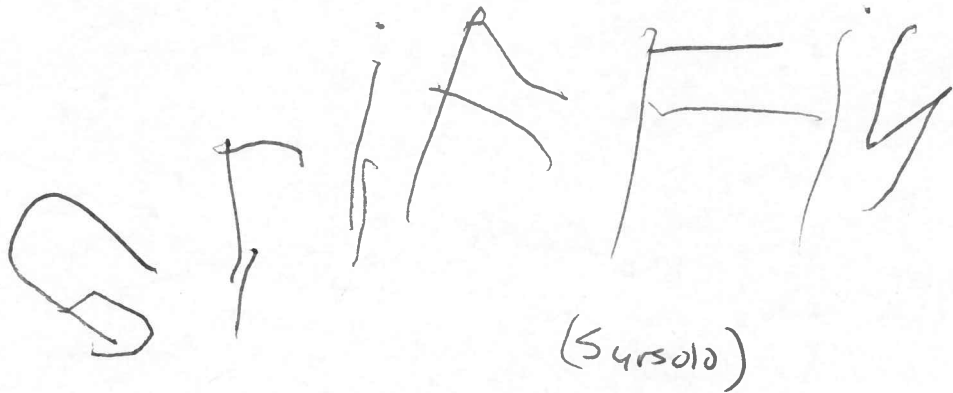

To our PUC,

Please be sure to halt the
progress of the proposed pipeline between
Lebanon and Hanover. We do not want
that pipeline here.

Thank you,
Anders LeSeala, Lebanon resident

DG 16-852

We don't want oil in our
back yard!

No Pipe Line. Will Hurt Small
Business in Area.

DG 16-852

I am opposed to the pipeline
because it puts all of
our lives at risk. You
are trying to make the
world more livable so
why ruin it?

Alka Dev
16 Hemlock Ridge Rd.
WRL, VT

DG 16-852

Fossil Free 603!

I do NOT want this pipeline in
my area - or anywhere. We need
to turn our attention to solar &
other environment-friendly renewables.
Making solar more affordable is the
answer - NOT fracking & the pipeline.

NO to the pipeline. NO to Northern Pass.
Gail Lewis
Lebanon, NH

DG 16-852

We don't need more fossil fuel!
Please do not approve the
fracked gas pipeline. We need to
reduce energy use, not promote it.
Thank you

M. Solow

DG 16-852

I'm totally opposed to
the plans for a fracked gas
pipeline thru West Lebanon, Lebanon
NH.
I support Renewables only.

Joanne Brown
White River Jct, VT 05001

DG 16-852

DG 16-852

Dear Sir —

We do NOT want a pipeline in Lebanon
that uses fracked gas. Fracking is an
abominable practice that uses more energy
than it produces, and creates devastation
of the area where it takes place. We need
energy conservation ^{and} realistic use of renewable
energy — not fracking!

Sincerely — Kye Graham

Please go away Frack-ers,
We want Clean energy,
Renewables. Save the
planet please; not the
opposite.

M. Moorhead

DG-16-852

No FREAKING
fracking
pipeline!

~~THE~~ Linden Tree
Canaan, N.H.

DG16-852

DG 16-852

I oppose the pipeline!

Sandra Miller

42 Lebanon St Apt
A6

Hanover NH

03755

Please: No Pipeline Here!

The upper valley does not
need a "natural gas" pipeline.

AND, this gas is not "natural"

it is "fracked" gas a process
which poisons water in

areas where fracking is done.

Building an 11 mile pipeline
would be most destructive and

unnecessary as this is not
the energy source of the future.

Do Not Approve
this project!

Margaret Ann Campbell

DG 16-852

No Pipeline

Marty Singer
Hanover, NH
