Subject: Aggregator Initial Registration Application for **NAUP Brokerage, LLC**

Dear Ms. Howland,

Pursuant to New Hampshire Code of Administrative Rules, Part PUC 2003.04 and Part PUC 2006.02, NAUP Brokerage, LLC is submitting this application for registration as an Aggregator to begin serving all residential, small, medium and large customers in New Hampshire.

NAUP Brokerage, LLC is seeking to provide energy procurement services as a Broker only, but, based on the definition described in PUC2002.02, with regards to customers of 2 or more meters or multiple locations, NAUP is requesting approval to be registered as an authorized aggregator under the New Hampshire PUC Code of Administrative Rules.

NAUP intends to be a full service energy advisor and consultant to better address the needs of each of our customers by offering the best possible supply rates, terms, and recommendations for energy conservation and sustainability solutions.

The following is included with our company's filing:

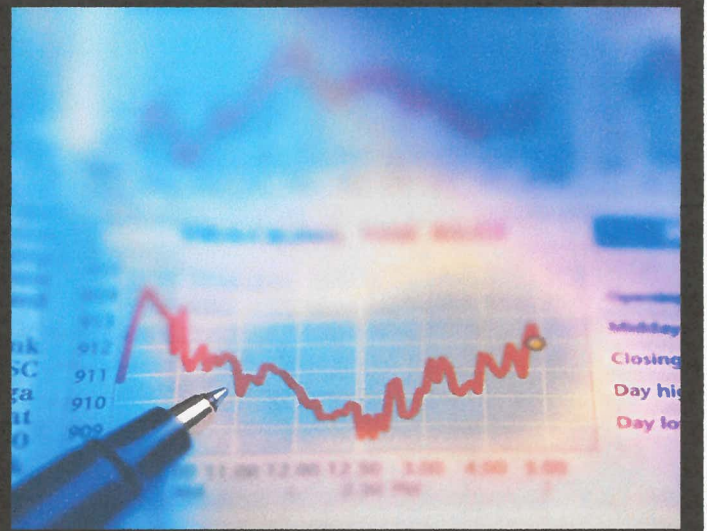

- NAUP Brokerage, LLC – Introduction
- Company Leadership's Summary of Experience
 - Alex Rodriguez – President/CEO
 - Ryan Samuel – VP of Operations
- one original application
- two copies of the application and accompanying documents
- one flash drive with an electronic copy in PDF format,
- A certified check in the amount of \$250.

Please feel free to contact me anytime if I can offer any clarification or additional information.

Sincerely,

Ryan D. Samuel

ABOUT NAUP Brokerage

NAUP Brokerage, LLC is a wholly owned subsidiary of **NAUP Investments, LLC (formerly NAUP Capital, LP)**, a venture development firm founded in 2008 by renowned energy entrepreneur, Mr. Alex Rodriguez. NAUP Brokerage is a multi-faceted full service energy broker and advisor. NAUP provides end-to-end energy solutions, advisory and long term road-map planning and project management services to commercial and industrial customers.

In addition to representing end-use customers for power, natural gas and sustainable energy solutions; NAUP also represents and manages energy marketing programs for several indirect marketing channels in a client/vendor relationship setting. These encompass, but are not limited to (i) Door-to-Door Companies, (ii) Direct Sales Organizations (including TeleSales), (iii) Internet Marketing Mediums and (iv) Multi-Level-Marketing Companies. Because of NAUP's rich history and pedigree in the deregulated energy industry, all types of companies turn to us to their partner in energy marketing campaigns and endeavors. NAUP is able to provide regulatory oversight, quality assurance, a robust pricing desk and fully customized IT capabilities with complete API Integration (if applicable) to all of our energy marketing campaigns (internal and external).

ESCO/Supplier Value Proposition

NAUP's founders and executive team have vast experience in the sales and marketing of electricity and natural gas. Over the past 16 years, they have acquired the esoteric know-how associated with virtually every type of "go to market" strategy and distribution channel in the market place. Moreover, NAUP founders have been responsible for originating over \$5 Billion in retail energy transactions. NAUP implements varying business models and sales approaches depending on each marketing channel. For example, if NAUP is managing a Multi-Level-Marketing channel focusing on small commercial then we will create a framework and supplier selection best geared for this marketing channel. Alternatively, if we are deploying a 100% B2B direct sales team, focusing on exclusively on origination and aggressive market penetration, then we may select a more exclusive supplier(s) options and focus more on process and pricing mechanisms.

Background

Summary

Specialties include: Deregulated Energy Markets, Retail & Wholesale Energy Operations, Strategy and M&A Experience, Smart Home & IOT, Structured Finance, Marketing, IT & Operations Systems (ERP, CRM & Sales Automation), Renewable Energy Projects & Energy Advisor for C&I and Municipal end use customers.

Apart from good wine with friends and family... I am a results driven executive with just under 20 years of true business management experience. This encompasses business development, marketing, origination and proven high level sales experience. I have 12 years of P&L experience and 15 years of highly successful experience within deregulated energy markets across North America. Prior to my tenure in the energy industry, I spent time in telecommunication and in the custom software development space - worked on a few dot com projects. At my core, I am an entrepreneur and I thrive best when creating something where there once was nothing.
