3	Educational and Professional Background
4 5	Leszek Stachow
6	I am employed by the New Hampshire Public Utilities Commission (Commission) as
7	Assistant Director of the Electric Division. My business address is 21 S. Fruit Street,
8	Suite 10, Concord, New Hampshire, 03301.
9	I am a graduate of the following institutions of higher learning: University of Keele,
10	Keele, Staffordshire, United Kingdom, from which I received a BA Triple Honors in
11	Economics, Politics and History, and subsequently from the University of Sussex,
12	Brighton, United Kingdom, from which I received a Masters in Political Economy.
13	While pursuing a PhD at the Massachusetts Institute of Technology in Cambridge, Mass,
14	I concurrently served as a faculty member at St. Anselm College, NH and adjunct faculty
15	at the Whittemore School of Business and Economics of the University of New
16	Hampshire, where I taught regulatory economics. In 1987 I joined the Economics
17	department of the New Hampshire Public Utilities Commission where I primarily
18	supported rate cases in the telecommunications and energy sectors.
19	In 1988, I completed the NARUC Annual Regulatory Studies Program at Michigan State
20	University, sponsored by the National Association of Regulatory Utility Commissioners
21	as well as sundry other targeted regulatory courses.
22	In 1992, I was appointed regional manager for Central Europe on behalf of management
23	consulting firm, Booz Allen & Hamilton. In that capacity I advised numerous
24	government agencies in Central and Eastern Europe, the Middle East, Africa, and Latin

2water, and gas sector regulatory bodies and markets.3In 2004, I was employed by Camp Dresser McKee to develop their Central European4engineering consulting business. Beyond a primary focus on mergers and acquisitions, I5was appointed President and manager of CDM Poland, as well as director of CDM AG in6Germany.7After retiring from my business activities, I returned to the Commission in 2010, where I8initially supported the telecommunications division and latterly the gas and electric9divisions.1011121314141514161417141815	1	America on optimizing the functioning of energy, telecommunications, water/waste
