**Re: Nordic Energy Services, LLC Renewal Application for Competitive Electric Power
Supplier License
DM 17-016**

Dear Ms. Howland,

Enclosed for filing on behalf of Nordic Energy Services, LLC ("Nordic") is a renewal application for a Competitive Electric Power Supplier License. Nordic is currently licensed to serve customers in all service territories in New Hampshire at Docket DM 17-016, but notes that as it currently has no plans to serve residential or small commercial customers, it has not included sample contracts for these customer classes.

Enclosed in this submission are an original and two copies of the renewal application. Please note that Nordic is working to renew the bond currently on file with the NH PUC until at least March 31, 2019, plus a six-month extended draw period thereafter. Nordic will follow up with the PUC regarding its financial instrument as soon as possible.

Please contact the undersigned with any questions or concerns regarding this submission.

Respectfully Submitted,

Kira S. Bryers

Attachment B

Response to Puc 2006.01(p)(3), Puc 2006.01(q)

Nordic Energy Services, LLC was made aware of issues with our telemarketing script after customers complained to the ICC during the polar vortex about high prices. Upon receipt of the complaints the ICC staff reviewed all marketing materials including telemarketing TPVscripts. The ICC staff identified some issues with the scripts and notified Nordic.

Nordic immediately ceased telemarketing in Illinois and worked collaboratively with the ICC staff to research and resolve the script issues and the parties have reached a settlement with the ICC staff. On February 25, 2015, the Illinois Commerce Commission initiated a docketed proceeding. After filing, the Illinois Citizens Utilities Board and the Office of the Illinois Attorney General intervened. On May 28, 2015, the Company, the Staff of the Illinois Commerce Commission, the Citizens Utilities Board, and the Office of the Illinois Attorney General filed a motion for approval of a settlement and entry of an agreed order requiring the Company to provide customers a minimum of \$310,800.00 in refunds or credits during the next 13 months. See ICC Case #15-0139. The agreed order was entered. The case is now closed and refunds have been issued.

Nordic is still in good standing as a licensed electric supplier in Illinois. In Nordic's 10 year history this is the single regulatory issue the company has had that has elevated to a docketed proceeding in front of any commission.
