Re: **National Energy Cost Services Inc.
Application for Natural Gas Broker License**

To Whom It May Concern:

Enclosed please find an **Application for Natural Gas Broker License** for our client, **National Energy Cost Services Inc.**

National Energy Cost Services Inc. is an energy consulting firm in NY who would like to extend their current services to NH. They offer their clients a variety of energy-savings programs, starting with procurement of electric and/or gas, which they, at times, present through their live auction platform: auctionspower.com. On the software, suppliers can bid for a customer's energy thereby ensuring the customer the best rate available in the market for their electric and/or gas supply.

We confirm, in accordance with Puc 3003.04, no customers have been enrolled or arrangements made to sell to or contract with or solicit customers prior to approval of this application.

We've included 2 photocopies of this cover letter and the attached application as well as the initial registration fees (check #30081 for the \$250.00 payable to the State of New Hampshire). We've also emailed a copy of the entire application package to executive.director@puc.nh.gov.

Once the application has been processed, please forward evidence of approval to the mailing address on the application. If there is any issue, or if you require any further information, please do not hesitate to contact me or my colleague, Michelle Martinez, at MMartinez@LicenseLogix.com or 800-292-0909 x 306.

Thank you,
