Re: Natural Gas Aggregator initial application

Director Howland,

The company was established as Utility Cost Cutters in 1990. Incorporation as The Eric Ryan Corporation became effective on January 1st, 1995. Since that time the company has grown to be one of the largest utilities and telecom invoice auditing companies in the country.

Upon request, clients of the invoice auditing services select to obtain pricing for utilities and telecommunications services. Those clients receive unbiased analysis of procurement options in which to minimize expenses.

This application is to fulfil requests from utility invoice auditing clients to provide natural gas procurement consulting services in the State of New Hampshire.

Should there be any questions regarding this application, please contact me at your convenience.

Sincerely,
