SUBJECT: DM 20-205, Shell Energy North America (US), L.P.
Competitive Natural Gas Supplier Renewal Application
Staff Recommendation for Registration Renewal
Staff Recommendation

TO: Debra A. Howland, Executive Director

CC: David K. Wiesner, Legal Division Director

On December 18, 2020, Shell Energy North America (US), L.P. (Shell), a registered competitive natural gas supplier (CNGS), submitted an application to renew its CNGS registration. Shell had previously been granted a waiver of N.H. Admin. R., Puc 3003.02 to file its registration renewal application by December 21, 2020 and to extend its current registration so it could continue to provide competitive natural gas service to its commercial customers. *See* Secretarial Letter dated December 18, 2020 issued in Docket No. DM 15-421.

Commission Staff has reviewed the information in Shell's CNGS registration renewal application, and Staff believes the application meets the requirements of Puc 3003 and Puc 3006.01. Staff therefore recommends that the Commission approve the renewal of Shell's CNGS registration for a period of five years, effective as of November 30, 2020. The renewed registration will expire at the end of business on November 30, 2025.
