Dear Chairman Goldner,

Pursuant to Puc 2204.04, I am writing to provide official Notification of Community Power Aggregation Commencement of Service to begin on or after February 20, 2024, for the following municipalities working with Standard Power as their agent for the purposes of implementing and operating their Community Power services:

1. DE 23-022 Town of Jaffrey for Jaffrey Community Power
2. DE 23-023 Town of New Boston for New Boston Community Power
3. DE 23-029 Town of Milford for Milford Community Power

These programs will each operate on an opt-out basis as described in their approved Community Power Plans filed with the Commission in the above-listed dockets. This notification satisfies the 90-day notification period required under Puc 2204.04(b)(2) for programs beginning service during the first two months of the utility default service supply period.

These municipalities are served entirely by Eversource, which is currently notified with this submission, along with the Department of Energy and the Office of the Consumer Advocate. Pursuant to current Commission policy, this filing is being made electronically only.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Emily Manns  
Community Power Advisor
