7.1.1. Carrier Common Line

(N)

The Telephone Company will provide Carrier Common Line Access Service to customers in conjunction with Switched Access Service provided in those areas where the Incumbent Local Exchange Carrier provisions in a similar manner. Carrier Common Line Access provides for the use of end users' Telephone Company provided common lines by customers for access to such end users to furnish Intrastate communications.

Rates apply to all FGD access minutes that originate from or terminate to the Telephone Company's end office (equal access) and to all FGB access minutes that terminate to the Telephone Company's end office.

5113 - No New England Tel Op d/b/a FairPoint Comm - NNE	\$0.02649400	\$0.00000000

¹ The Company's intrastate access rate mirrors the ILEC intrastate access service tariff rate for each rate element.

(N)

7.1.1. Local Switching

Local Switching

Local switching provides local end office switching and end user termination functions necessary to complete the transmission of switched access communications to and from the end users served by the local end office.

Rates apply to all access minutes that originate from or terminate to the Telephone Company's end office (equal access). Rates are intended to mirror the ILEC's rates for the serving area. The rates below apply to calls originating from or terminating to end users in the service area of the listed ILEC.

5113 - No New England Tel Op d/b/a FairPoint Comm - NNE	\$0.00226400	(I)

Shared End Office Trunk Port

The Shared End Office Trunk Port provides for the termination of a Tandem-Switched Trunk at an end office. The Shared End Office Trunk Port is usage rated and shall be assessed on all access minutes that utilize Tandem-Switched Transport.

When Tandem-Switched Transport is provided by more than one company, the Shared End Office Trunk port charge shall be billed by the Company in whose territory the end office is located.

7.1.2 Transport

Tandem Switched Transport

Tandem-Switched Transport consists of the circuits used in common by multiple customers from the LEC's access tandem to the Company's end office. The Tandem-Switched Transport Rate includes four sub-elements: a Tandem-Switched Transport – Termination rate, a Tandem-Switched Transport rate, a Tandem Switch Rate and a Shared Multiplexing rate. The third sub-element, Tandem Switch Rate does not apply for Company's current Network Configuration. Sub-element descriptions and rates are provided below.

1. The Tandem-Switched Transport – Termination element is a usage rated, per minute rate to recover costs incurred at the ends of the transmissions links.
2. The Tandem-Switched Transport element is usage rated and distance-sensitive, i.e., a per access minute per airline mile rate. The rate recovers costs of the transmission facilities, including intermediate transmission circuit equipment, between the end-points of the circuit.
3. The Tandem Switched Transport - Shared Multiplexing Rate will be assessed on all minutes of use between the LEC's Access Tandem and the Company's end office. The Shared Multiplexing rate recovers multiplexing costs on the end office side of the Access tandem.

Rates are intended to mirror the ILEC's rates for the serving area. The rates below apply to calls originating from or terminating to end users in the service area of the listed ILEC.

7.2.5. Access Order Cancellation Charge

If the ASR is not completed within 121 calendar days of the original service date, the ASR will be canceled. Cancellation charges will apply. In addition, the Customer will be billed the accrued monthly recurring charges specified above plus any additional nonrecurring charges applicable for the Service. These charges will be computed commencing at day 31 after the original service date up to and including the cancellation date, not to exceed 90 days of service (120 days from the original service date). The Company will not reissue an ASR with a new service date beyond 121 calendar days. It will be the Customer's responsibility to submit a new ASR for Switched Access Service.

Non-recurring Charge \$75.00
*Plus any additional Labor costs

7.3. 800 Service Charges

The following charges are assessed for 800 Number Portability Access Service (NPAS) Queries. These query charges apply in addition to the per-minute usage charges assessed for use of the Telephone Company's Network for 800 NPAS usage. A charge is assessed for each 800 query, whether the call is completed or not.

Rates are intended to mirror the ILEC's rates for the serving area. The rates below apply in the service area of the listed ILEC.
