Host facility's projected output (kWh): _____

Host's Total Historic Annual Usage: _____ Projected Annual Usage: _____

Total Historic Annual Usage of All Group Members (excluding host): _____

Total Projected Annual Usage of All Group Members (excluding host): _____

Renewable Energy Source (e.g., solar, hydro, wind, etc.): _____

Generation Capacity (Maximum kW AC for solar) of host's facility: _____

By signing below, I certify to the following (please check each box):

- each group member and the host are a default energy supply customer of the same distribution utility;
- each group member and the host have signed an agreement that complies with Puc 902.01 and Puc 909.05 (unless the host and group member are the same person or entity and an agreement therefore is not required);
- a copy of the agreement between the host and group member(s) that complies with Puc 902.01 and Puc 909.05 **is attached to this application** (unless no such agreement is required because the host and group member are the same person or entity);
- the total historic annual usage of the members together with the host **exceeds the projected annual output of the host's facility**;
- none of the group members is a customer-generator except if the host and the group member are the same person or entity;
- I have provided a copy of this application, with any and all attachments, to the distribution utility;
- I have the authority to sign this application on behalf of the host; and
- the information on this form is true to the best of my knowledge and belief.
