

**QUESTIONS AND ANSWERS**  
**RFP FOR RENEWABLE ENERGY PROJECTS**  
**AUGUST 29, 2014**

	Question	Answer
7.	Would automated, high-efficiency, bulk-fed wood pellet maple evaporators such as <a href="#">this one</a> qualify for Renewable Energy Fund grants?	Yes, these appliances are eligible for grant funding, provided there is a means to measure the useful thermal energy produced and to qualify for renewable energy certificate (REC) production.
8.	If a federal facility located on UNH property were to switch some or all of our energy usage to renewable, would the facility be eligible for this grant opportunity?	Yes, a federal facility as described would appear to be eligible to apply for grant funding under this RFP.
