

Nashua's Supplemental Response to PWW 3-1

Exhibit 1A

City of Nashua

Petition for Valuation Pursuant to RSA 38:9

DW 04-048

Nashua's Supplemental Responses to Pennichuck Water Works, Inc.
Data Requests – Set 3 Round 1

Date Request Received: January 17, 2006

Date of Response: February 13, 2006

Request No. 3-1

Respondents: As noted in prior response.

Req. 3-1 Please identify all municipal and privately owned water systems directly or indirectly operated by Veolia or any subsidiary thereof in the United States. For each such system provide the name of the entity that operates the system, the jurisdiction in which such entity was organized, the name of the owner of the system, the location of the system, the number of customers served by the system, the annual revenues received from all payments by customers of the system, and the annual revenues to Veolia from the services provided. [Ten day response]

OBJECTION: See Nashua's prior objection to data request 3-1.

ANSWER: *Without waiving the foregoing objection, Nashua provides the following supplemental answer:*

To supplement that information provided in Veolia Water's Technical Proposal and Appendix, Table 3-1, which follows, provides a listing of water treatment and supply systems operated in the U.S.

The level of information that is provided with this table is that which is normally provided to municipal and government agencies as a part of a procurement process.
