Re: DW 04-048; City of Nashua—Taking of Pennichuck Water Works, Inc.

Dear Ms. Howland:

I am forwarding copies of this letter to representatives of those who have indicated to the Executive Director (pursuant to the October 23, 2006 stipulation) their attendance at the view scheduled for 9:00 a.m. on Wednesday, December 6, 2006. The meeting place will be at the beginning of the entrance road to Pennichuck Water Works' treatment plant. It is located on the west side of Concord Street in Nashua (Route 3) just south of the town line with the Town of Merrimack. Participants can drive to the site from the Everett Turnpike, Exit 7E (from the South) or Exit 10 (from the North). See the attached map. The route map for the view remains unchanged from that attached to Pennichuck's November 14, 2006 memorandum. Extra copies will be available at the meeting place.

If people arrive about ten minutes early, car pooling arrangements can be made and can assure an on-time start.

Very truly yours,

Thomas J. Donovan
