Nashua's Responses to Pennichuck Water Works, Inc. Data Requests – Set 4

Date Request Received: February 27, 2006

Date of Response: March 20, 2006

Request No. 4-10

Respondents: George E. Sansoucy

---

Req. 4-10      Who will be the day-to-day contact at the City for Beck and Veolia? For example, if approval for unplanned maintenance is needed or there is an emergent issue associated with operation of the water system, who at the City has the responsibility and authority to address such issues with Beck and Veolia?

Response:      Veolia will have no day to day contact at the City, except for billing and customer service. It will report to Beck. Beck's day to day contact is the Mayor, or his designee, for operational and administrative matters. For policy matters Beck shall consult with the Board of Aldermen.
