Subject: PUC Rate Increase Approvals

Dear Ms. Howland,

I am horrified to find that within 5 minutes of sending my email to you regarding a Rate Increase for Lakes Region Water, that on this Friday last the PUC approved a 6.28% increase for PSNH, effective tomorrow!!!

This is going to be a huge double whammy on the residents of Lake Ossipee Village, and I'm sure on residents state wide. It is my sincere and very financially frightened hope that you will listen to the voices of the consumers who find themselves at the mercy of large companies who can outlobby all individual voices. But more to the point I hope that you can hear the voice of the little people in our effort to stop unjustified rate increases for services not rendered from Lakes Region Water.

Thank you again for your consideration!!
