Subject: Lake Region Water Co Request for Rate Increase
Date: Mon, 30 Jun 2008 14:29:38 +0000

I am aghast at the request by the Lake Region Water Co request for another rate increase. The rationale for this request does not include any betterments for the residents of Lake Ossipee Village in Freedom. The previous request also did not include any betterment for Lake Ossipee Village and our reports of water quality have remained the same. This latest request of approximately \$100 a year on top of lasts years approved request of \$313 a year is reprehensible. Please do not approve it. Thank you.
