RE: Docket No.: DM 08-082 - NextEra Energy Services New Hampshire, LLC - License Update

Dear Ms. Howland,

In June of 2010, NextEra Energy Services New Hampshire, LLC ("NextEra Energy Services") submitted its License Renewal Application indicating that it planned to serve all areas of New Hampshire except the existing franchise areas of New Hampshire Electric Cooperative's ("NHEC"); however, shortly thereafter decided that it would serve customers in the NHEC service territory.

In July of 2010, NextEra Energy Services successfully completed electronic interchange testing for the NHEC service territory. In accordance with PUC 2003.01(d)(1), please find enclosed NextEra Energy Services' statement from NHEC indicating that NextEra Energy Services has complied with the training and testing requirements for Electronic Data Interchange ("EDI").

Although NextEra Energy Services had successfully completed EDI testing in 2010, customer enrollment transaction submissions did not begin until December of 2011. However, due to an administrative oversight, NextEra Energy Services failed to notify the Commission of its intent to begin serving customers in NHEC. Additionally, this information was not updated on NextEra Energy Services 2012 License Renewal Application.

NextEra Energy Services hereby formally submits its request to provide service in the NHEC existing franchise area. NextEra Energy Services intends to serve all customer classes identified in the applicable utility's tariff. Furthermore, NextEra Energy Services has included an updated list of the customer classes, as identified in the applicable utility's tariff, which it intends to serve.

Should you have any questions or require any additional information, please contact me by phone at (713) 401-5542 or by email at [edwin.dearman@gexaenergy.com](mailto:edwin.dearman@gexaenergy.com).

Respectfully Submitted,

Edwin Dearman  
Sr. Regulatory Analyst
