Re: DM 08-082 Gexa Energy New Hampshire, LLC's Authorization to Supply  
Competitive Electric Service

Dear Mr. Freed:

This is to confirm that the New Hampshire Public Utilities Commission has received Gexa Energy New Hampshire, LLC's (Gexa) application to supply competitive electric service in New Hampshire pursuant to Puc 2003.01. Staff has reviewed the application provided and believes that it meets the requirements of Puc 2003.01. Based on Staff's recommendation and the Commission's review, the Commission will approve Gexa's application to be registered as a competitive electric power supplier (CEPS) in the franchise areas of Public Service of New Hampshire, National Grid, and Unitil Energy Services.

Please bear in mind the following provision of Puc 2003.01 (h): "[E]ach CEPS shall re-register with the commission every 2 years on or before its original registration anniversary date by filing with the commission an application for renewal. If a CEPS fails to meet its re-filing obligation, the original registration shall expire." Gexa's original notice anniversary date is June 9, 2008 and therefore it is required to re-register on or before **June 9, 2010**.

If you have any questions regarding this provision, please contact the Commission. Thank you for your cooperation in this matter.

Very truly yours,

A handwritten signature in cursive script that reads "Debra A. Howland".

Debra A. Howland
