July 23, 2008

Ms. Debra Howland,  
Executive Director  
NH Public Utilities Commission  
21 South Fruit St.  
Concord NH. 03301

- (1) The name and address of the applicant;

Avery Hydro LLC  
Richard D. Ely Principal  
27264 Meadowbrook Drive  
Davis, California, 95618

- (2) The name and location of the facility;

**Avery Dam**  
**Behind City Hall – Laconia New Hampshire**  
**26 Mill Lane Laconia**

- (3) The ISO-New England asset identification number, if available;

**Unknown**

- (4) The GIS facility code, if available;

**Unknown**

- (5) A description of the facility, including fuel type, gross nameplate generation capacity, the initial commercial operation date, and the date it began operation, if different;

**Simple Old hydro station:**

**Fuel is dropping water a distance under the force of gravity**

**Capacity 479 kW**

**Commercial Operation ~ 1985**

**Began operation ~ 1985**

- (6) If a biomass source, NOx and particulate matter emission rates and a description of pollution control equipment or proposed practices for compliance with such requirements;

**Not biomass plant**

12 Puc 2500 NEW HAMPSHIRE CODE OF ADMINISTRATIVE RULES

All other necessary regulatory approvals, including any reviews, approvals or permits required by the department;

**Plant has been in operation without violations for many years, project operating without problems for 20 years. No violations of any kind are known.**

- Proof that the applicant either has an approved interconnection study on file with the commission, is a party to a currently effective interconnection agreement, or is otherwise not required to undertake an interconnection study;

**This plant selling power to PSNH for 20 years with no new requirements by PSNH.**

(9) If a biomass facility, proof that a copy of the completed application has been filed with the department;  
**Not a Biomass plant**

(10) A description of how the generation facility is connected to the distribution utility;  
**Owner's transformer, air switch connected at 12 kV into Laconia's distribution system.**

(11) A statement as to whether the facility has been certified under another non-federal jurisdiction's renewable portfolio standard and proof thereof;  
**Unknown**

(12) A statement as to whether the facility's output had been verified by ISO-New England;

**ISO relies on PSNH billing. The plant energy is documented in the PSNH invoicing.**

(13) A description of how the facility's output is reported to the GIS if not verified by ISO-New England;

**Monthly PSNH 10 minute invoicing is available.**

(14) An affidavit by the owner attesting to the accuracy of the contents of the application;

I, Richard D. Ely. Principal of Avery Hydro LLC, affirm that the above statements are true to my best ability.

7/22/08

Richard D. Ely

(15) The name and telephone number of the facility's operator, if different from the owner;

Erik Doherty  
369 N.H. Rt. 140  
Gilmanton, NH 03237  
(603) 630-6860 (cell)

This site is very simple. It exports all its power to PSNH who meters it and pays for the power. That record is clear and carefully checked.

If there are any further questions or deficiencies, please let me know and I will resubmit.

Respectfully,

Richard D. Ely  
Principal  
Avery Hydro, LLC.
